BRONZE

Phase 1 is focused on Distributors who are starting to build their business on a part-time basis.

Constant communication with your lines for guidance and motivation is strongly recommended to reach your goals.

It is important to keep sponsoring new Distributors in order to advance to the next phase more rapidly.

KEY BEHAVIORS

- Consume and retail
- Sponsoring

PHASE 1

PHASE 2

PHASE 3

QUICK START BONUS

When you are active and sponsoring new Distributors, you will receive a 10% bonus based on the purchases made by your new personally sponsored distributors during their first 90 days at Omnilife – this bonus is in addition to your first level overrides, which are between 5% and 10%, depending on your pay level.

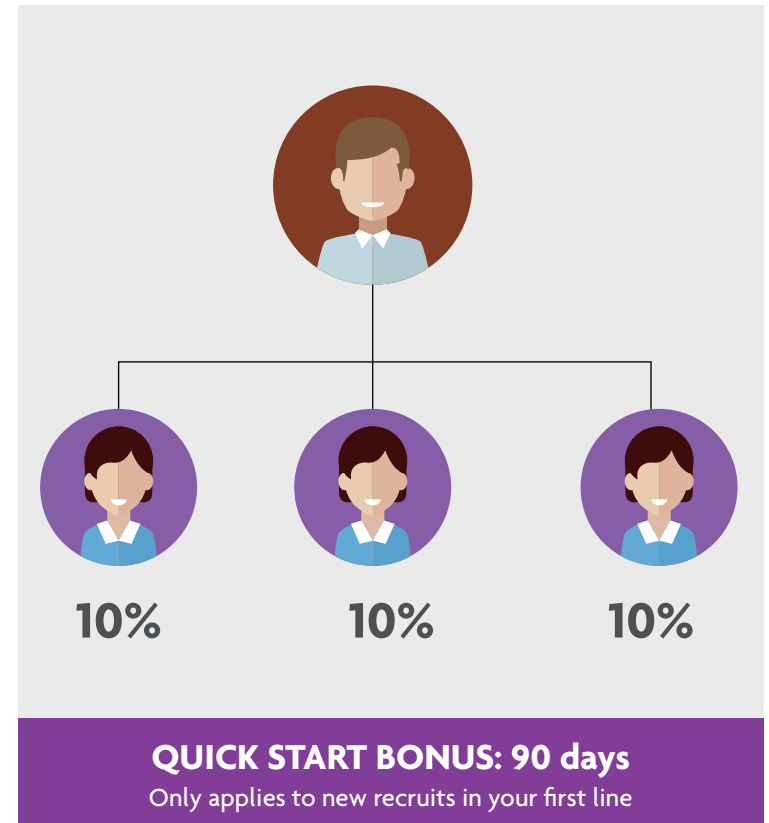

Earn between 15% and 20% combined earnings when you leverage the Quick Start Bonus for new personally sponsored distributors during their first 90 days!

How to maximize your chances of earning this bonus?

The first 90 days in the life of a new Distributor are critical to his/her success. It is important for you to teach and coach your new team members on how to sell the products, how to promote the Omnipass program for customers, and how to sponsor new team members.

Remember

The most important part is motivating and supporting your new sponsored distributors when they first start out, teaching them how to grow their independent business while growing yours in the process, generating more income for both of you. Keep in mind that the main reason why people abandon the business is that they don't make enough money for the time they invest (\$ vs. hours), mainly because they don't know how.

COMPENSATION PLAN SUMMARY

CUSTOMER SALES + DISCOUNTS

The Distributors' discount depends on the PP (Personal Points) they accumulate during the month. Every month Distributors start at the minimum discount percentage (20%).

Example: if a Distributor places the first order of the month for 500 points, their discount will be 20%; if the second order is for 1,100 points, their discount will be 25%. The discount will be applied with each individual order according to the discount chart.

At the end of the month and according to the points that were purchased, the system will determine the maximum discount reached and if a lower discount percentage was applied to any of the orders made that month, Omnilife will return the difference.

PERSONAL POINTS NEEDED TO REACH DISCOUNT

1000-1999	25%
